

Fortune 500 Financial Services achieves 90% cost savings

CHALLENGE

The legal department of a global asset management firm needed to delegate a variety of legal tasks including:

- Due diligence relating to transactions
- Legal research
- Drafting prospectuses and appropriate disclosures
- Securities compliance and
- Contract drafting and management

SOLUTION

LegalEase Solutions became a key partner with the legal department of the firm and provided high level attorney services at a fraction of the cost of outside compliance review services. We dedicated a specialized 24 hour global team capable of expanding services even at short notice. The team created deliverables that were easy to comprehend and use, and conducted due diligence of >10,000+ contracts within a short span of time.

RESULTS

The financial services company

- Executed multiple legal tasks simultaneously without compromising on any of its stringent deadlines.
- Achieved 90% cost savings on what might have been charged by their outside counsel.

"LegalEase Solutions became a key partner with the legal department of the firm and provided high level attorney services at a fraction of the cost of outside compliance review services."
